## Reference Letter

**Regarding: Pulp-Tec GmbH & Co KG, Drebnitzer Weg 4, Bischofswerda**

I am writing to recommend the services of PHU Maxitech. We have ordered the installation of a pneumatic smoke exhaust system in the hall from them.

The company proved to be a reliable contractor, since all commissioned work was performed professionally and in accordance with the applicable requirements and technical conditions.

The company employees were helpful at all stages of the process and assisted us in technical matters.
